To Whom It May Concern:

I have been involved in business management for fifty years and the last 22 years I have been doing business brokering and mergers & acquisitions. As such I have experienced many situations and people that need a business consultant.

I have introduced Bob Curry to several of my clients that were in financial trouble managing their business. Bob's approach was very professional, empathetic and results oriented.

I highly recommend Bob Curry to any company that is experiencing problems and need to improve their efficiency and performance. He produces extraordinary results and satisfied clients.

Bob has extensive experience in business consulting and is among the tops in this field.

Sincerely,

Richard Read
